CELEBRATING 80 YEARS OF SERVICE, STRENGTH & SOLIDARITY

MINTHIRAN

Message from the Principal Secretary/TNEBEA

Eight Decades of Service, Professionalism and Commitment

It gives me immense pleasure to convey my warm greetings and best wishes to all members of the TNEB Engineers' Association on the significant occasion of the Association's 80th Year Celebration.

The journey of the TNEB Engineers' Association is closely interwoven with the growth and transformation of the electricity sector in Tamil Nadu. Recognised by the Government as early as 1946, the Association has witnessed and contributed to several important phases in the development of the power sector. From the early years of electrification to the present era of renewable energy, digitalisation and modern grid management, engineers have played an indispensable role in the State's development.

Electricity is the foundation of modern economic and social progress. Reliable power supply supports agriculture, industries, education, healthcare, infrastructure and the daily lives of millions of people. Behind this vast system stands a dedicated community of engineers who plan, design, construct, operate and maintain the electricity network, often under demanding conditions.

The contribution of engineers is therefore not limited to technical functions alone. Their work carries a larger public responsibility. Professional competence, safety consciousness, integrity, innovation and commitment to public service are essential qualities that must continue to guide the engineering fraternity.

Over the decades, the TNEB Engineers' Association has provided an important professional platform for engineers. Its initiatives in technical knowledge sharing, professional development and member welfare are noteworthy. Publications such as the Power Engineers' Handbook and MINTHIRAN reflect the importance placed by the Association on technical learning, communication and the preservation of institutional experience.

The power sector is presently undergoing a major transformation. Renewable energy integration, energy storage, electric mobility, automation, smart grids, digital technologies and evolving consumer expectations are creating both opportunities and challenges. Tamil Nadu, with its significant and diverse energy infrastructure, requires engineers who can combine experience with innovation and technical knowledge with adaptability.

In this context, professional associations have an important role in encouraging continuous learning, exchange of ideas and constructive engagement. Senior engineers carry a wealth of practical knowledge and institutional experience, while younger engineers bring new perspectives and familiarity with emerging technologies. A strong interaction between generations will be valuable in meeting the future requirements of the sector.

The 80th year of the Association is an appropriate occasion to acknowledge the contributions of all those who have served the power sector with dedication. I convey my appreciation to the past and present office bearers and members of the Association for their contribution to the engineering fraternity.

I also congratulate the editorial team of MINTHIRAN for bringing out this commemorative publication. I am confident that it will serve not only as a record of the Association's journey but also as a source of knowledge, reflection and inspiration for its members.

May the TNEB Engineers' Association continue its constructive contribution to professional excellence, engineering development and the progress of the power sector.

I wish the Association and all its members continued success in the years ahead.

With warm greetings and best wishes,
Principal Secretary

Message from the President/ TNEBEA

தீனிய பொறியாள சிநேகத்திற்கு..

எனது அன்பு வணக்கம்.

உங்களுடன்

பொறியாளர் கழகத்தின் தலைவராக நம் கழகத்தின் 80வது ஆண்டு மலரின் மூலம் உங்களுடன் சந்திப்பதில் மிக்க மகிழ்ச்சி. தன் கடன் பணி செய்து கிடப்பதே என வாரியப்பணிகளையே தலையாயதாக கொண்டுருக்கும் உறுப்பினர்களுக்கு, உடல் நலனையும் மற்றும் குடும்ப நலனையும் கவனித்துக் கொள்ளுங்கள். நாள்.04.06.1946 எண் 854 மூலம் மாநில அரசால் அங்கீகரிக்கப்பட்ட நாம் 80வது ஆண்டை கடக்கிறோம் என்பதே அளவிலாப் பெருமைக்குரியது.

பொறியாளர் கழகத்தை தோற்றுவித்த நம் முன்னோர்கள் வருங்கால சூழ்நிலைகளை கணித்து எடுத்த பல்வேறு நடவடிக்கைகளே இன்று நாம் அனுபவித்து வரும் அனைத்தும் பயன்களும். உதாரணத்திற்கு உ.பொ விருந்து உ.செ.பொ பதவி உயர்வுக்கான 3 : 1 விகிதாசாரம் உச்சநீதிமன்றத்தில் வெற்றி பெற்றது. இதனால் பயனடையாத உதவிப்பொறியாளர்களே இருக்க முடியாது. பொறியாளர் கழகத்தை முன்னின்று வழிநடத்திய மாவீரன் ஆ.பா. இராமசாமி, அ.வெ.கந்தப்பன், மின்னகம் கண்ட தென்னவன் செங்கோட்டையன், கு.ம.சுப்ரமணியன், இரா.சிதம்பரம், ...ஆண்டவர், கோ.பாலகிருஷ்ணன், கு.அப்பர்சாமி, .கண்ணன், ந.கண்ணன் சங்கரநாராயணன், தி.ஜெயந்தி போன்ற எண்ணற்ற தலைவர்களும் மைய மற்றும் கிளைக்கழகப் பொறுப்பாளர்களும் ஈடுபாட்டுடன் அமைத்து தந்த பாதையை நினைத்து நாம் போற்றுவதற்குரிய நேரம். அவர்கள் வழியில் கழகத்தை தொடர்ந்து முன்னெடுத்து செல்லவேண்டிய கடமையிலும் பெற்ற பயன்களை பாதுகாத்திட தொடர் நடவடிக்கைகள் எடுக்க வேண்டிய கட்டாயத்திலும் காலத்திலும் உள்ளோம். பொறியாளர் கையேடு, மின்னகம், சேமநல நிதி என உறுப்பினர்களின் நலனையே மேலாக கொண்டு கழக செயல்பாடுகள் உள்ளது என்றால் அது மிகையல்ல.

அன்பு உறுப்பினர்களே !!

**ஆற்றுபவர்க்கும் அரண் பொருள் அஞ்சித்தற்
போற்றுபவர்க்கும் பொருள்**

என அரணாக உள்ள கழகத்தின் முன் கள வீரர்கள் தானே செயற்குழு மற்றும் பொதுக்குழு பொறுப்பாளர்கள்.

தன் நலன், குடும்ப நலன் சமயத்தில் பணி நலன் ஆகியவற்றை சமரசம் செய்து தான் இந்த பணிகளில் இவர்கள் ஈடுபடுகிறார்கள் உங்கள் நலனுக்காக என அன்பு சுவர்ந்து உணர்ந்து கொள்ளுங்கள். இவர்களின் கழக செயல்பாடுகளுக்கு முழு ஒத்துழைப்பு அளியுங்கள்.

உயர் பொறுப்பிலிருக்கும் பொறியாளர் கழக மூத்த உறுப்பினர்களுக்கு!

உறுப்பினர்களின் சிறு சிறு குறைகளை நிவர்த்தி செய்ய பொறுப்பாளர்கள் உங்களை அணுகினால் உடனடியாக செய்து கொடுங்கள். அவர்கள் உங்களுக்காகவும் பணி செய்து கிடக்கிறார்கள் என்பதை உணருங்கள்.

தொழில்நுட்பத்தின் வளர்ச்சியையும் அதை ஏற்று அதன் மீது நம் ஆளுமையையும் உறுதிப்படுத்த வேண்டிய கட்டாயத்தில் நாம் உள்ள காலம். அகில இந்தியா அளவில் மின்துறை மிகவும் சவாலான காலகட்டத்தில் இருப்பதை உணர்ந்து இது தொடர்பானச் செய்திகளை பகிரும் பொழுதோ செயல்பாடுகளை முன்னெடுக்கும் பொழுதோ தவறாமல் பங்கெடுத்துக் கொள்ளுங்கள்.

பொறியாளர் கழகம் என்ன செய்தது என கேட்பவர்களுக்கு,

நமக்கான பதவி உயர்வு விகிதாசாரத்தை போராடிப் பெற்றது பொறியாளர் கழகம்,

விகிதாசாரம் பின்பற்றப் படுகிறதா என கண்காணித்து வருவது பொறியாளர் கழகம்,

நமக்கான பதவி உயர்வுப் பட்டியல்கள் குறித்த நேரத்தில் வர,

பதவி உயர்வு பெற,

பணி நிலைகளின் உறுதியைப் பேண,

உத்ய உயர்வைப் பெற

என உறுப்பினர்கள் நலனுக்கான அனைத்து செயல்பாடுகளையும் முன்னெடுப்பது பொறியாளர் கழகம்.

நம் நலன்கள் அனைத்திலும் உறுதியான முயற்சியோடு வெற்றிப்பெறுவோம் என்ற நம்பிக்கையோடும் பொறியாளர் கழக செயல்பாடுகள் அனைத்தும் குழு செயல்பாடுகள் எனவும் உணர்ந்து

கூடித் தொழில் செய்

என்ற பாரதியின் கூற்றுக்கேற்ப கழக செயல்பாடுகளில் ஈடுபடுவீர் ஒருங்கிணைந்து.

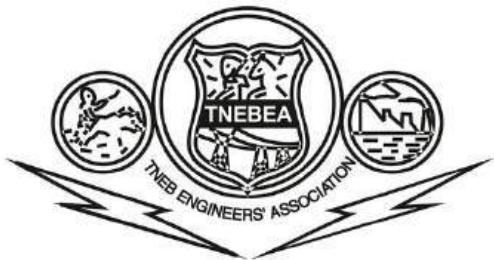

அனைவருக்கும் எனது அன்பு கலந்த நல்வாழ்த்துக்கள்

வாழ்க பொறியாளர் கழகம்

என்றென்றும் நட்புடன்

தலைவர்

MINTHIRAN

Message from the General Secretary, TNEBEA

From a Proud History Towards a Stronger Future

Dear Beloved Members of the Engineering Fraternity,

Warm greetings from the TNEB Engineers' Association.

The 80th year of our Association is an occasion of celebration, remembrance and renewed commitment. As General Secretary, it is a privilege to communicate with all our members through this special commemorative edition of MINTHIRAN.

The journey that began in 1946 has travelled through changing times, organisational transformations, technological developments and numerous professional challenges. Through all these changes, one principle has remained constant—the strength of TNEBEA comes from the unity and participation of its members.

Our Association's history records several important contributions towards the professional advancement and welfare of engineers. These include efforts relating to professional status, redesignation of engineering posts, pay and allowance matters, promotional procedures, workload evaluation, cadre improvements and benefits for engineers serving in difficult and remote locations.

These achievements did not happen overnight. They were the result of patient representation, democratic discussion, collective action and sustained follow-up by successive generations of office bearers and members. We remember and acknowledge every individual who contributed to this journey.

Welfare has always remained at the heart of our Association. The Engineers' Benevolent Fund stands as a powerful expression of collective responsibility. Its purpose is not merely financial assistance; it represents the assurance that the family of a member will not stand alone during a time of distress. The development of successive EBF schemes demonstrates the strength of mutual support within our fraternity. Our Association has also invested in institutions and initiatives that serve members beyond immediate service matters. The establishment of Minnagam, the publication of the Power Engineers' Handbook, and the continued publication of MINTHIRAN demonstrate the Association's wider commitment to welfare, knowledge and communication.

MINTHIRAN holds a special place in the history of our Association. The Association has maintained a tradition of newsletters from its early years; the publication was known as MINPORIYALAR from April 1971 and subsequently as MINTHIRAN from November 1973. It has become an important chronicle of our activities, achievements, challenges and collective memory.

As we publish this commemorative edition, our responsibility is not only to record the past but also to prepare for the future.

The electricity sector is entering a period of profound change. The integration of renewable energy, increasing digitalisation, sophisticated protection and control systems, energy storage and changing operational requirements demand continuous professional development. TNEBEA must become an even stronger platform for technical interaction, professional development and knowledge exchange.

At the organisational level, communication with members must remain timely and transparent. Branch-level participation must be strengthened. Younger engineers must be encouraged to take an active role in the Association. The experience of senior and retired engineers must be preserved and shared. Our welfare institutions must remain responsive to the changing needs of members and their families.

The democratic character of TNEBEA is one of our greatest strengths. Our history records the development of a system in which members elect their representatives and participate in determining the direction of the Association. This tradition must always be protected through healthy participation, mutual respect and a commitment to the larger interests of the engineering fraternity.

I express my sincere gratitude to the Continues, Central Executive members, EBF Committee members, branch office bearers, former leaders, retired engineers and every member who continues to support the activities of the Association.

I also convey my appreciation to the editorial team, contributors and all those involved in bringing out this special edition of MINTHIRAN. May this publication reach every member as a reminder of our proud history and as an invitation to participate in building our future.

The achievements of the past give us confidence. The challenges of the present demand unity. The future calls for knowledge, innovation and active participation.

Let us move forward together—with pride in our history, confidence in our strength and commitment to our fraternity.

Unity is our strength.

Service is our tradition.

Excellence is our responsibility.

Long Live TNEB Engineers' Association!

Long Live Engineers' Unity!

General Secretary
TNEB Engineers' Association

Majestically Marching in 80th Glorious Year

Welcome Members!

As we celebrate eight decades of unity and progress, we look back with immense pride at our historical achievements, structural transformations, and pioneer welfare programs. Our unique recognition stands as a legendary benchmark in the history of power infrastructure unions in India. Let us continue to build on this stellar heritage.

1.0 A LEGACY OF UNIQUE RECOGNITION

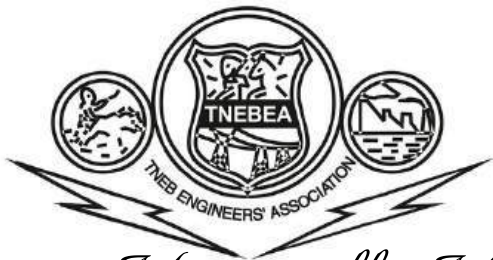

- **Pre-Independence Foundation:** Formally recognized by the Government of Tamil Nadu vide G.O.Ms.854 dt. 06.04.1946.
- **Stellar Distinction:** Our recognition uniquely predates both the national independence of India (15.08.1947) and the physical constitution of the State Electricity Board itself (01.07.1957).
- **Unmatched Longevity:** No other union or trade association within the Board holds this pristine, long-cherished privilege spanning a continuous 80-year history

2.0 CHRONOLOGICAL IDENTITY EVOLUTION

Pre-1957	1957 – 1969	1969 – Present
Madras Government Electricity Department Electrical Engineers' Association	Madras State Electricity Board Engineers' Association (Post MSEB Constitution)	TNEB Engineers' Association (Adopted by General Council Resolution on 05.01.1969)

3.0 THE POWER ENGINEERS' HANDBOOK

- **Global Standards:** Our globally recognized masterwork serves practicing power sector engineers all across the world.
- **Evolution of Milestones:** Began as a foundational 'Technical Diary' in 1947. The definitive 1st Edition hit shelves in 1957, with sequential revised iterations following in 1959, 1964, 1968, and 1976.
- **Modern Architecture:** Backed by strategic high-demand reprints in 1984 and 1989, the association delivered the massive 6th Enlarged & Revised Edition in 2002.

Majestically Marching in 80th Glorious Year

4.0 ENGINEERS' BENEVOLENT FUND (EBF) SCHEMES

TNEBA is the FIRST association within the entire Board to pioneer a self-sustaining family safety net, delivering rapid, crucial relief to bereaved families during times of distress with unmatched processing speed.

Scheme Category	Launch Year	Subscription Rate	Relief Payout Benefit
EBF Scheme I	1974 / 1977	203	10,000
EBF Scheme II	1974	503	25,000
EBF Scheme III	1974	1003	50,000
EBF Scheme IV	15.01.1992	2500	1,00,000
EBF Scheme V	Oct 1996	4,003	2,00,000
EBF Scheme VI	07.04.2002	6,003 / 7,500	3,00,000
EBF Scheme VII	08.02.2020	15,000	5,00,000

5.0 PIONEERING IN DIGITAL & TRANSIENT INFRASTRUCTURE

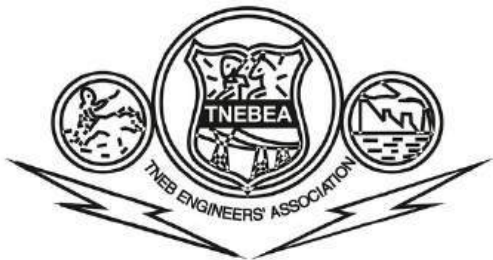

First Digital Portal

TNEBEA stands as the FIRST Union across the entire Board and State to conceptualize and deploy a dynamic web engine: tnebeaengineers.in launched on 08.11.2002 to facilitate instant corporate news, board orders, and network updates

Minnagam Transit Network

The absolute FIRST union to secure dedicated, comfortable transit guest housing assets for traveling members and their families.

- **Chennai (HQ):** Established 1976; formally opened on 11.01.1977.
- **Regional Hubs:** Villupuram (1983), Cuddalore (1999), Dharmapuri (2006), TV Malai (2012), and Theni (2017-2020).

Majestically Marching in 80th Glorious Year

6.0 THE VOICE OF THE ENGINEER: OFFICIAL PUBLICATIONS

- **Preserved Legacy:** Archival newsletter tracking dates all the way back to 1961, preserving our shared collective victories as structural organizational historical assets.
- **Evolution of Titles:** The publication was elegantly christened as 'News letter' in April 1971, before formally scaling up to its iconic permanent title: '**MINTHIRAN**' in November 1973.

7.0 REMARKABLE ADMINISTRATIVE & STRUCTURAL VICTORIES

- **Gazetted Status Alignments:** Won formal Gazetted status rules for Assistant Engineers (previously designated as Junior Engineers).
- **Strategic Re-designations:** Reclassified Junior Engineers to Assistant Engineers, and upgraded Assistant Engineers to Assistant Divisional Engineers.
- **Financial & DA Parity:** Secured regular Dearness Allowance updates directly on par with the Government of Tamil Nadu.
- **Telescopic Increment Pay:** Implemented modern telescopic pay scales ensuring equalized, fair rate increments across ranks.
- **Workload Calibration:** Designed and deployed standard architectural engineering workload evaluations.
- **HQ Post Upgradations:** Promoted specific roles from Assistant Engineer to Assistant Executive Engineer within central headquarters and hydro-power plants.
- **New Command Roles:** Successfully introduced vital Executive Engineer/MRT, EE/Operation, and Superintending Engineer/Operation tiers.
- **Exam Barriers Dispensed:** Abolished cumbersome written exams, promotion interviews, and specialized field experience criteria.
- **Optimized Training Windows:** Drastically reduced probationary training times for direct recruits (1995/2000) and compassionate hires.
- **Remote Hydro Allowances:** Pioneered specialized financial compensations for engineers serving under harsh conditions at remote stations.

8.0 DEMOCRATIC ARCHITECTURE & STRATEGIC ALLIANCES

- **Pure Electoral Democracy:** Dispensed with arbitrary board nominations back in 1968. All executive representatives are elected using clean, robust, general-election style secret ballots directly by the membership body.
- **Strategic National Federations:** Proudly affiliated with the Tamil Nadu Engineers Federation (uniting graduate engineers across all state sectors) and an integral stakeholder in the India Power Engineers Federation.

WAGE REVISION PROPOSAL FOR CLASS I & II OFFICERS SUBMITTED BY TNEBEA TO BOARD

1. PREFACE

The Association places on record its appreciation for the discussion on Wage Revision talks, albeit after a delay of nearly two years. Traditionally, the established and time-tested practice has been that the Board / TNPDCCL would first place a structured proposal for revision of wages, following which the registered Unions and Associations are invited to offer their views and counter-proposals, culminating in constructive negotiations and eventual settlement.

Further, it has been the consistent practice that each registered Union / Association is provided an opportunity for a separate and focused discussion, recognising the distinct representations, technical perspectives, and cadre-specific concerns of each stakeholder. This procedure was categorically requested and jointly insisted upon by all registered parties during the recent Workload Settlement discussions.

As per the request raised, the exclusive separate session is assigned to each unions/Association today and TNEBEA extends its kind thanks to the Chairman of Wage Revision Committee for considering it.

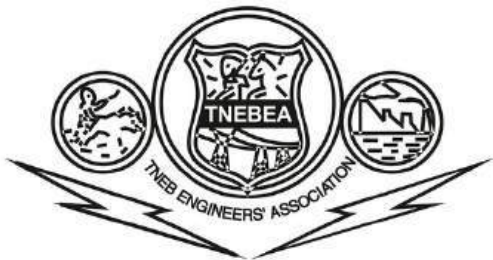

With all those considerations, The TNEB Engineers' Association (TNEBEA) submits this Charter of Demands for the Wage Revision due as on 01.12.2023, applicable without exception to all Class I and Class II Officers of TNEB Ltd / TANGEDCO / TANTRANSCO.

Mandatory Inclusion Note: It is emphatically stated that any wage revision excluding any segment of Class I & II officials will result in serious pay anomalies, cadre distortion, demoralisation, and audit objections, besides violating long-standing conventions followed in TNEB and other State Power Utilities. Engineers and Officers of TNEB discharge round-the-clock (24x7x365) statutory, technical, operational, safety-critical and grid-responsibility duties, unlike Government departments working on a 5-day week basis. Being the management personnel in Top, Middle cadre, the exerted field work pressure imposed eventually passes on to the Field Engineers being the responsible heads thus working with more stress than others. Hence, uniform and compulsory inclusion of all Class I & II officials is non-negotiable.

2. WITHDRAWAL OF BP NO.2 DATED 12.04.2022

The Association strongly insists on the immediate withdrawal of BP No.2 dated 12.04.2022.

All restrictions imposed vide the said Board Proceedings shall be withdrawn forthwith, as already agreed earlier, since the same has caused irreparable damage to morale, service conditions and functional autonomy of Engineers.

WAGE REVISION PROPOSAL FOR CLASS I & II OFFICERS SUBMITTED BY TNEBEA TO BOARD

3. DECLARATION OF TNEB LTD AS GOVERNMENT DEPARTMENT & ESSENTIAL SERVICE CATEGORY

Though TNEB has been reorganized under the Electricity Act, 2003, it continues to be treated as a Government Service in several respects. However, while extending benefits, it is selectively treated as a “Government Undertaking Company”, resulting in denial of legitimate entitlements.

The Association demands that the employees and Engineers of TNEB / TNPDCCL / TNPGL / TNGECL / TANTRANSCO be formally declared and treated as “Essential Service Personnel”, on par with other critical public service departments such as Health, Water Supply, Fire & Rescue, Disaster Management, and Law & Order-related services.

The power sector forms the backbone of all essential services, and TNEB employees ensure uninterrupted electricity supply under all circumstances, including natural disasters, pandemics, cyclones, floods, and other emergencies, often at great personal risk. Despite this, the essential service status extended to similarly placed departments has not been uniformly recognised for TNEB employees in terms of privileges, relaxations, and welfare measures.

The Association therefore demands that all benefits, relaxations, protections, and privileges attached to Essential Service status be extended to TNEB employees, both during normal operations and emergency situations, in recognition of their indispensable role in sustaining public life and economic activity.

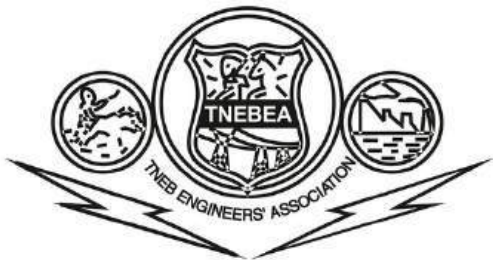

The Association also strongly insists that the TNEB and its subsidiary companies shall be restructured back as the GOVERNMENT DEPARTMENT as like other similar corporations considered as departmental cadre and extend all the benefits on par with the TN Govt Engineers including 5 days a week, 9 to 5 duty hours.

4. DIRECT RECRUITMENT OF ASSISTANT ENGINEERS & INITIAL CADRES

The TNEB Engineers' Association places on record its appreciation to the Government of Tamil Nadu and the Tamil Nadu Public Service Commission (TNPSC) for the announcement of results for Direct Recruitment of 391 Assistant Engineer (Electrical) posts during the year 2026. The Association expects that the entire recruitment process shall be completed expeditiously, well before the declaration of the Model Code of Conduct, so that the selected candidates can be inducted without administrative delay.

It is further demanded that the seniority of these directly recruited Assistant Engineers shall be protected and aligned with the recruitment year 2025, since the examination process was conducted during that year itself, and any deferment in seniority would lead to long-term cadre distortion.

However, it is a matter of serious concern that, contrary to actual requirement, there are around 1000 vacancies of Assistant Engineer posts across Electrical, Mechanical and Civil disciplines in TNEB, while the number of posts notified for direct recruitment is grossly inadequate.

MINTHIRAN

WAGE REVISION PROPOSAL FOR CLASS I & II OFFICERS SUBMITTED BY TNEBEA TO BOARD

DISCIPLINE-WISE IMBALANCE DURING THE 2025 RECRUITMENT CYCLE:

Sl.No	Post	Direct Recruitment	Internal Appointment	Ratio Difference
1	Assistant Engineer – Electrical (2025)	204	572	1 : 2.8
2	Assistant Engineer – Mechanical	24	110	1 : 6
3	Assistant Engineer – Civil	30	74	1 : 2.5

The Association strongly points out that only 3 Mechanical vacancies were chosen for direct recruitment initially, despite the existence of substantial vacancies in the AE (Mechanical) cadre. A similar skewed approach is observed in AE (Civil) recruitment as well. Such disproportionate allocation severely affects technical depth, succession planning, and operational efficiency.

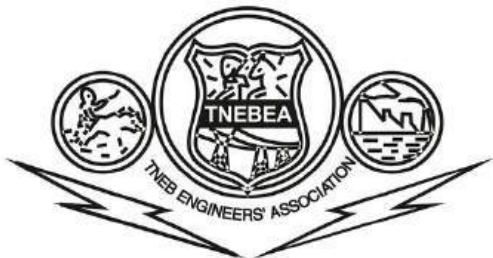

In this context, TNEBEA unequivocally demands:

- Immediate notification and conduct of Direct Recruitment for at least 1000 Assistant Engineer posts covering Electrical, Mechanical and Civil disciplines.
- Yearly TNPSC Direct Recruitment shall be mandatorily carried out for filling AE posts in all disciplines without exception.
- Direct recruitment shall also be extended to other RWE and technical posts, ensuring continuous induction of young, professionally trained talent into TNEB.

5. PAY SCALE OF ENGINEERS – HISTORICAL INJUSTICE

Historically, TNEB Engineers were paid higher than Government Engineers as recognition of 24x7 duties. However, post-2006 (6th Pay Commission), this position was reversed. After implementation of the 7th Pay Commission, the disparity has widened drastically.

To avert this, TNEBEA requested to go through the wages of equivalent categories in the near by state utilities like AP, Karnataka and Telangana.

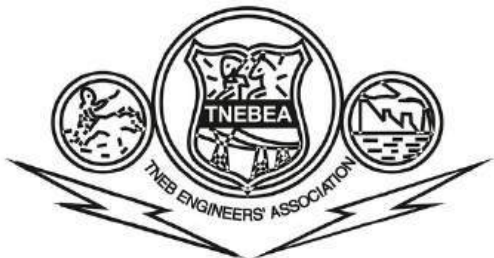

MINTHIRAN

WAGE REVISION PROPOSAL FOR CLASS I & II OFFICERS SUBMITTED BY TNEBEA TO BOARD

PAY SCALE COMPARISON OF ASSISTANT ENGINEERS (BOTTOM LINE ENGINEERS):

Year	TN Govt	TNEB	Difference	Remarks
1996 Revision	₹6,500/-	₹7,225/-	+12%	Right from 1957, pay scale approved as per this structure
2006 Revision (6 th pay)	15600+5400 = ₹21,000/- (PB-III)	10100+4600 = ₹14,700/- (PB-II)	-30%	Drastically downgraded in pay scale & pay band.
2015 Revision	56300-178000 (Level 2)	39800-126500 (Level 1)	-30%	Disparity maintained post 7th Pay Commission.
2019 Revision	56300-178000 (Level 2)	39800-126500 (Level 1)	-30%	Disparity continued without rectification.

WAGE CALCULATION PROPOSAL OF NEW PAY SCALE STRUCTURE:

Date	TN Govt. A.E	TNEB A.E	Remarks
01.01.1996	6500-200-11100	7225-225-13525	TNEB AEs got 12% (2 Increments) more than TN Govt. AEs.
01.01.2006	15600+5400(GP)	7225-225-13525	TNEB AEs getting 30% lesser than TN Govt AEs.
01.01.2008	16880+5400(GP)	11480+4600(Basic+GP)	Included 1 increment for Golden Jubilee. Still lesser pay.
01.01.2012	19680+5400(GP)	14860+5100(Basic+GP)	Even after 2011 revision, TNEB AEs getting lesser pay.
01.01.2016	22010+5400=27410/- (FixedLevel2:56300)	16720+5100=21820/- (FixedLevel1:39800)	Difference persists with massive gap of ₹16,500/-
01.12.2019	SAMEAS 2016	SAMEAS 2016	Status quo maintained

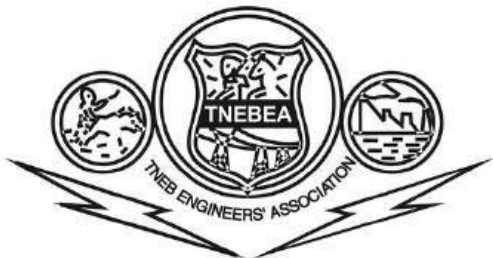

WAGE REVISION PROPOSAL FOR CLASS I & II OFFICERS SUBMITTED BY TNEBEA TO BOARD

6.COMPARISON WITH OTHER STATE POWER UTILITIES (REVISED DATA)

THE DISPARITY IN INITIAL BASIC PAY OF ASSISTANT ENGINEERS AMONG STATE POWER UTILITIES IS GIVEN BELOW:

S.No.	State Power Corporation	Initial Basic Pay (₹)	Applicable From
1	Tamil Nadu–TNEB Ltd.	₹39,800	01.12.2019
2	Kerala–KSEB Ltd.	₹59,100	01.07.2018
3	Karnataka–KPTCL	₹72,300	01.04.2022
4	Telangana–TRANSCO	₹65,600	01.04.2022
5	Andhra Pradesh–APTRANSCO	₹60,155	01.04.2018
6	Maharashtra–MAHATRANSCO	₹58,560	01.04.2023
7	Odisha–OPTCL	₹56,100	01.01.2016
8	Haryana Power Utilities	₹53,100	2016
9	Chhattisgarh–CSPTCL	₹56,100	2017
10	Rajasthan–RVUNL	₹56,100	2016–2017
11	Uttar Pradesh–UPPCL	₹59,500	2016–2017
12	Himachal Pradesh–HPPCL	₹59,900	01.01.2016

WAGE REVISION PROPOSAL FOR CLASS I & II OFFICERS SUBMITTED BY TNEBEA TO BOARD

6. COMPARISON WITH OTHER STATE POWER UTILITIES (REVISED DATA)

THE DISPARITY IN INITIAL BASIC PAY OF ASSISTANT ENGINEERS AMONG STATE POWER UTILITIES IS GIVEN BELOW:

S.No.	State Power Corporation	Initial Basic Pay (₹)	Applicable From
13	J&K-PDD/JPDCL	₹50,700	2016
14	Delhi NCT-DTL	₹70,900	01.01.2016
15	West Bengal-WBSEDCL	₹56,100	01.01.2016
16	Arunachal Pradesh-Dept. of Power	₹56,100	01.01.2016

This clearly establishes that TNEB is placed at the lowest level in the country, despite identical responsibilities and higher operational risk.

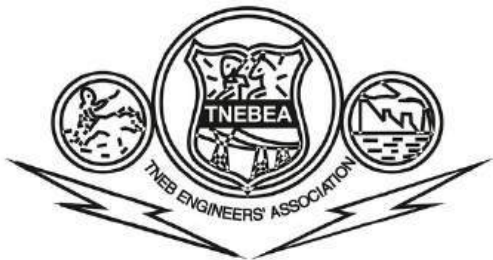

7. QUANTUM OF PAY REVISION

The Association demands:

- Pay Revision @ 12% :** A minimum 12% increase in Basic Pay shall be granted to all Engineers and Employees across cadres.
- Service Weightage:** One increment after 7 years; One additional increment after 14 years. This shall count for all purposes including pension.
- Disbursement of wage revision arrears as lump sum:** Arrears arising out of revision of wages w.e.f 01.12.2023 be disbursed immediately as a lumpsum. Entire arrears amount to be released in one single lumpsum without linking to future financial contingencies.
- Enhancement of DCRG and FSFS:** DCRG ceiling enhanced to ₹25 Lakhs. Family Security/ Financial Support Scheme (FSFS) raised from 3 Lakhs to 5 Lakhs.

8. ALLOWANCES – GENERAL PRINCIPLE

All existing allowances shall be converted to percentage-based allowances on Basic Pay (or Basic + Grade Pay). The present system of lump-sum allowances shall be dispensed with, as it leads to erosion due to inflation.

WAGE REVISION PROPOSAL FOR CLASS I & II OFFICERS SUBMITTED BY TNEBEA TO BOARD

9. ADDITIONAL CHARGE ALLOWANCE

- Additional Charge Allowance shall be 50% of Basic Pay.
- Payable for each additional post held.
- No restrictions whatsoever (including High rise administrative buildings, deputation, temporary arrangements, or post duration).

10. INCENTIVE/ QUALIFICATION INCREMENTS

- (a) Restoration of Advance Increment: Restoration of advance increment practice existing prior to 10.03.2020 with retrospective effect for eligible engineers.
- (b) Professional Certifications:
 - One Increment: Energy Manager/ BOE/ Basic Power System Operator.
 - Two Increments: Energy Auditor/ Safety Auditor/ Advanced PSO.

11. THERMAL & PROJECT INCENTIVES

- Dust Allowance for Thermal Station personnel.
- Thermal Allowance shall be delinked from generation targets.
- Commissioning Incentive: One month Basic Pay OR One increment for Engineers involved in commissioning projects.

12. LDC/ SLDC/ MLDC ALLOWANCE

Special allowance shall be granted to Engineers working in Grid operation (MLDC/SLDC). Recommendations of Pradhan Committee shall be implemented.

13. TRIPARTITE AGREEMENT

Clauses as per the executed Tripartite Agreement among Government of Tamil Nadu, TNEB and Employees representatives shall be implemented as practiced in other State Utilities.

14. TIME BOUND PROMOTION-ACCP

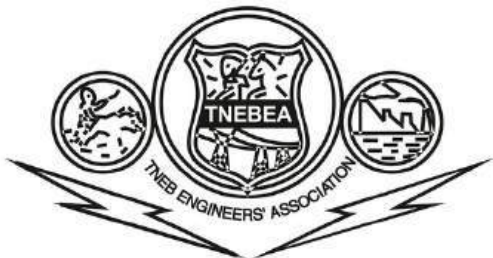

Implementation of Assured Career Progression Programme (Time Bound Promotions). A dedicated committee of senior Management officials and Association representatives shall be constituted to finalise modalities within 3 months.

15. MAN POWER POSTING

Posting strictly against existing vacancies first, giving priority to remote/difficult locations, long-standing additional charge stations, genuine transfer requests, and shift-based operational locations.

16. EXECUTIVE ENGINEERS PAY SCALE

Rectification of EE to SE pay ratio anomaly by refixing EE scale from 01.12.2007 in PB-4.

WAGE REVISION PROPOSAL FOR CLASS I & II OFFICERS SUBMITTED BY TNEBEA TO BOARD

17. OLD PENSION SCHEME

Implementation of ONLY the Old Pension Scheme (OPS) for existing CPS holders.

18. CPS/ CORPUS FUND

- Establishment of Statutory TNEB CPS Pension Trust with independent trustees.
- Creation of ring-fenced Pension Corpus Fund and ERP-integrated CPS Transparency Portal.
- Forensic reconciliation of all CPS accounts and professional actuarial valuation.
- Extension of OPS-equivalent interim benefits (gratuity, family pension, medical).

19. HYDRO ISSUES

- Hill & Cavern Allowances exempted from Income Tax.
- Improved facilities, vehicles, medical, schooling, and priority transfers after remote tenure.

20. CONVEYANCE ALLOWANCE

Conveyance allowance provided to all Field Engineers and enhanced to twice the present value

21. RESTORATION OF DELEGATION OF POWERS

Delegated powers to Field Engineers shall be restored on par with other utilities.

22. LEAVE ENCASHMENT

EL encashment enhanced from 240 days to 300 days.

23. TRAINING & RESEARCH

Restructuring TNEB Training Institutes to national standards with full powers for global technology tie-ups.

24. HR POLICY & SERVICE REGULATIONS

Framing comprehensive HR Policy and updating Service Regulations

25. DPC CASES

Time-bound disposal of DPC cases with dedicated monitoring committee.

26. ENHANCED BENEFICIAL SALARY ACCOUNT PACKAGE

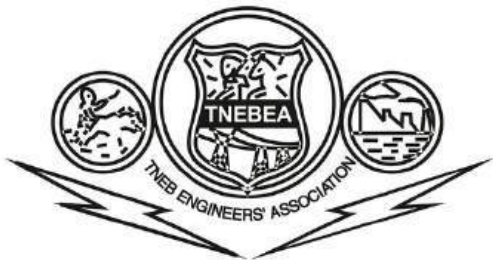

Extension of TN Govt – Banks MoU Salary Package: Health Insurance ₹10 Lakhs, Life Insurance ₹10 Lakhs, and Annual health check-ups.

27. RWE/ GANGMEN ISSUES

Immediate filling of vacancies, safety measures, PPEs, and absorption of long-serving contract labour.

28. TRAVELLING ALLOWANCE (TA/DA)

TA/DA revision aligned with Central Government norms, rectifying the 10-year gaps in cost revision in 2015.

MINTHIRAN

WAGE REVISION PROPOSAL FOR CLASS I & II OFFICERS SUBMITTED BY TNEBEA TO BOARD

29. RENEWABLE ENERGY PROJECTS

TNEB shall own RE projects; PPP in Hydro shall not be permitted.

30. REDEPLOYMENT OF POSTS

Redeployment/ abolition of Engineer posts shall be with held and restored.

31. GRIEVANCES PORTAL

Exclusive Employee Grievance Portal with defined response timelines.

32. SELECTION GRADE FOR ALL OFFICERS

Permit Chief Engineers and Superintending Engineers to move to Selection Grade after 9 years of service in the same cadre.

33. EXTENSION OF TN GOVT ORDERS TO TNEB

General standing order mandating automatic adoption of all employee-beneficial Tamil Nadu Government Orders (concessions for differently-abled, medical relaxations, critical illness leave, childcare, sports incentives) without delay.

34. DISCONTINUATION OF RETIRED CONSULTANTS & OUTSOURCING

- Immediate cessation of appointing retired personnel as Consultants/ OSDs/ Advisors.
 - Phasing out outsourcing in core technical functions (field operations, maintenance, system operation, project execution).
- Strengthening in-house capability through systematic direct recruitment and training.

CONCLUSION

Financial Commitment Summary:

- Wage revision of ~10% for all employees: Commitment of ~₹35 Crores/ month.
- Share of Class I & II officers: Only ~₹9 Crores/month.

Further, powers conferred by sections 131 & 133 of Electricity Act 2003, Transfer Scheme of GO 100 dated 19.10.2010, and Tripartite Agreement Clauses 4 & 6 guarantee:

"The terms and conditions of service of the existing Officers/ Employees upon transfer shall not be inferior to present terms... Successor entities will endeavour to rationalize terms for career growth and welfare."

"Existing Wage settlement and workload settlement shall be valid with full force and effective until a new settlement is arrived... Bipartite negotiations shall continue."

The Association again requests the Wage Revision Committee to consider the above Charter in totality, uphold long-standing conventions, and implement the revision without further delay.
